**** NOTE:** This category of offenses has been revised from previous year's annual reports to include only the four property crimes per the UCR Program Property Crime Index (see crimes listed below).

DEFINITIONS:

Violent Crimes: Includes murder and non-negligent manslaughter, forcible rape, robbery, and aggravated assault.

Property Crimes: Includes burglary, larceny-theft, motor vehicle theft, and arson.

Drug and Alcohol Offenses: Includes drug arrests for both sale and possession; and the alcohol related offenses of DUI, Drunkenness, and Liquor Laws.

* Data include juveniles under the age of 10.

2011 Population data source: Puzzanchera, C., Sladky, A. and Kang, W. (2012). "Easy access to Juvenile Populations: 1980-2011." Online. Available: <http://www.ojdp.gov/ojstabb/ezapop/>.

Juvenile arrests data source: Compiled from data provided by WASPC, WUCR Program, July 2012; runaways taken into protective custody and curfew-loitering law violators reported to UCR are not included in the arrest totals.

Note: In 2011, one arrest was reported as driving under the influence for a juvenile under age 10 that was included in WASPC's 2011 "Crime in Washington" report--this arrest was not included in the arrest data within this report. Also, in 2006, 165 arrests were reported to WUCR as driving under the influence arrests for juveniles "under age 10"; these arrests were adult arrests or of unknown age, and therefore are not included in the 2006 juvenile arrest total (and have been added to the adult arrest total for 2006).

The 2011 total includes arrests reported in the "all other offenses" category by LE agencies; WASPC's 2011 "Crime in Washington" report did not include this offense category due to the variation in Summary UCR and NIBRS submissions on non-compliance (FTA) arrests. Hence, 2011 juvenile arrest data comparisons in the "all other offenses" category should not be compared with previous years as it would provide an inaccurate crime trend.
